## COMMUNITY SERVICE

When you partner with BVR Waste and Recycling, you get more than a waste disposal company – you get a community partner. We are dedicated to the communities we serve. Through educational programs, investments, charitable giving, local clean-up days, and other initiatives, we're making a BIG impact throughout Central Texas.

With my family and our team, we are dedicated to bringing cutting-edge solutions, integrity, and a focus on serving our customers in every aspect of waste diversion and recycling. -Blake Brannon

## OUR VALUES

### Our People

Our nearly 200 waste management experts throughout Central Texas are the core of our success. We commit to caring for each other, our customers, and the communities we serve.

### With Integrity

We commit ourselves to the highest level of integrity – in all things. At Brannon Industrial Group, success is not measured in results but in how we achieve those results.

### A Winning Attitude

We understand that attitude is the key to success. We strive to carry a winning attitude everyday and into every interaction.

## BVR WASTE AND RECYCLING

### Landfill Diversion

At our Materials Recycling Facility in College Station, we recycle as much as possible. These materials are diverted from the landfill and are turned into commodities for future life.

### Texas A&M Partner

BVR Waste and Recycling partners with Texas A&M University throughout the year to provide opportunities for students to tangibly learn about waste processing.

### Customer Excellence

BVR Waste and Recycling has been chosen as the BEST OF THE BRAZOS VALLEY for 12 years for their excellent customer service.
